

Do you want to become a health coordinator?

Then we are looking for you!

Do you get as excited about health as we do? Then we are looking for you. But before we tell you more about this, we would like to introduce ourselves.

Who are we?

For the next 5 years we: Celeste Hoff-Lubliek, Daphne Ene-Christina and Gabrielle Tejada-Berger will represent the department: Health and Welfare from the Union. We are very enthusiastic and full of ideas for the coming years. We will tell a little more about ourselves for those who don't know us yet.

- **Head - Celeste Hoff-Lubliek:** head of department, doctor (not practicing), with her own naturopathic practice, heart for: evangelism, tasty and healthy food and care for people.
- **Deputy head - Daphne Ene-Christina:** lifestyle counselor, completed training at Lifestyle center Uchee Pines, president of the foundation Completer is Better and own practice Yirpa, passion for health work, spreading this message and helping people.
- **Council member - Gabrielle Tejada-Berger:** independent entrepreneur with her own company Kringloop de waterlilie, very active in evangelistic work and organizing meetings for prophecy and health. Enthusiastic about sharing Jesus with people.

Our goal

Our goal is to make the Adventists in the Netherlands better acquainted with our health message and to equip them to use this message in their environment according to the method of Jesus.

Ellen White puts it beautifully: We have come to a time when every member of the Church should engage in medical missionary work. The world is a hospital full of victims of both physical and mental illness. People everywhere are perishing for lack of knowledge of the truths entrusted to us. Testimonies for the Church. 7T 62.1

What are we looking for?

We are looking for a health coordinator within each local church. Does health appeal to you and do you want to learn more about the health message? Do you want to help your municipality to be equipped for health work? Do you want to reach people around you? Then this is really something for you!

What should you do?
